💎 💎 💎Specializes in Python Development.💎 💎 💎

With 10+ years software development experience, I have contributed to projects small and large, demonstrating my professionalism with unmatched quality and reliability regarding to python. Being a professional developer means understanding all the requirements of a project and finding the best way to implement it to a high-quality standard. As a senior python developer, I am proficient with various python frameworks such as Django, Flask and also for AI and ML library(Keras, TensorFlow, PyTorch) and I always focus on project structures and coding style, and etc.
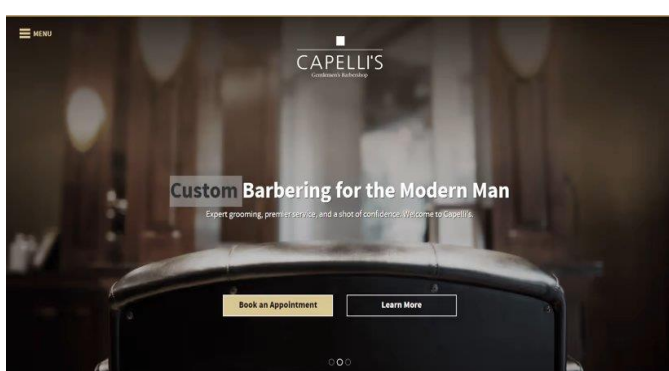

Projects
